

O. A. Kresse, accompanied by E. M. Johnston, returned Friday from a business trip to San Francisco.

Old Army Men Cling To Mule

FORT BLISS, Texas.—(U.P.)—This is a mechanized age, and the army is utilizing its share of machine-transportation and power but motor vehicles never will knock out the tough army mule.

That's the consensus of military strategists of Fort Bliss, America's largest cavalry post. Historians at the fort who have done research work on the subject say the mule started with the army. They base their prediction that the mule will never be entirely supplanted by motor transportation and power on the proved fact that the animal is at its best in rough going.

GET TUNED UP FOR SPRING

Correct greasing is a real science—cars of today are built for high speeds . . . and demand perfect lubrication. Bring your car to us and be sure it's lubed scientifically.

LEASE GUN MACHINES—ROCK ISLAND, Illinois.—(U.P.)—The Remington Arms Co. has leased 1400 arms-producing machines from the Rock Island arsenal's arms plant.

Weygand on North Africa Job

That's a very Fascist-like salute being accorded General Maxime Weygand, commander of Vichy forces in North Africa, by French Legionnaires in Algiers. From left, on platform: Admiral Jean Charles Abrial, governor general of Algeria; Weygand, and General Franciosi, Legion president.

Presenting Private Stewart

Actor James Stewart, recent Motion Picture Academy award winner, was ordered transferred from Fort MacArthur at San Pedro to the Air Corps replacement center at Moffitt Field yesterday. He was drafted into the Army late last week. He is a graduate of Princeton and holds a commercial pilot's license.

\$300 FUR COAT

FOR ONLY \$10!

You'd know there was something wrong in a bargain like that, wouldn't you? You'd know that while the fur might look good, it was radically wrong. You can't buy milk on looks, either. Your best basis of judgment is the dairy. The care it exercises all the way from selection of dairy farms to the service it gives is what determines how much you get for your money. The best milk doesn't come from cows, it comes from MAYFAIR.

Available at your grocer or at your door.

S.F. May Add Rail Line Here

Plans to include improvement of the Madrid ave. Santa Fe "cut" with the long-proposed Torrance blvd. betterment project were delayed again this week when George L. Weiss, assistant engineer for the Santa Fe, who must pass on the arrangements, was called to Washington, D. C.

Even when Weiss returns, the joint project may be shelved. Glenn Jain, acting city engineer, revealed at council meeting Tuesday night. He said that Weiss was not as favorable toward linking Madrid's improvement in the boulevard project now as he was several weeks ago.

The reason is that he indicated the Santa Fe is considering running two rail lines on Madrid instead of the present two-trains-a-day schedule because of national defense transportation needs, Jain said.

. . . this Week in the NEWS

Mrs. Don Miller and son Ralph, accompanied by Mrs. Fern Hillon of Redondo Beach, will leave for Michigan April 1 where Mrs. Miller will take delivery on a new car. The ladies will visit at the home of Mrs. E. W. Davis in Detroit. They will also spend a month at the Miller home in Miami visiting Carlsbad Caverns and other points of interest en route home.

Job's Daughters guardian and associate guardian, Mrs. H. Weytalla and A. E. Kerber, attended the Southern California guardian council association held in Los Angeles last Wednesday evening.

Mr. and Mrs. Roy Winters entertained as their guest this week, John Schwalen of Hamilton, Ohio.

Mr. and Mrs. E. L. Patterson and Mr. and Mrs. J. H. Scott were entertained Saturday evening at the Leigh Drake home in Lynwood.

Mr. and Mrs. George D. Watson entertained as their Sunday guests Mr. and Mrs. George G. Watson and daughter Virginia Jean of El Monte.

Mr. and Mrs. H. R. Lee were Sunday guests of her parents, Mr. and Mrs. L. R. Phillips at Rosemead.

Mr. and Mrs. Harry Hyatt were called to Indio Monday because of the serious illness of Mrs. Hyatt's father.

Mrs. W. T. Mullin, accompanied by Misses John Kirchen and Jack Capps, were joined by friends at luncheon in Los Angeles last Thursday.

Mr. and Mrs. Frederic Jewell Buxton called this morning on the S. S. America en route for their home in Pittsburgh, Pa.

A Spring Salad Salute

By Frances Lee Barton

Salute Spring with a novel salad served on a crisp lettuce and garnished with water cream and chichory. It's still cool enough to fuse a bit over the salad course and the following salad is worth a lot of fussing at any time. It's a new combination formed into a jellied delight—just the thing for special guests.

Black Cherry Salad Mold 1 package cherry-flavored gelatin; 1 1/2 cups hot water; 1/4 cup canned black cherry juice; 1 tablespoon vinegar; 1/2 cup fresh grapefruit sections, free from membranes; 1/2 cup canned black cherries, drained; 15 pecan halves. Dissolve gelatin in hot water. Add cherry juice and vinegar. Pour a thin layer into ring mold and chill until firm. Chill remaining gelatin until slightly thickened. Arrange half of grapefruit and cherries on firm layer of gelatin. Cover with slightly thickened gelatin and sprinkle with nuts. Chill until firm. Fill mold with remaining slightly thickened gelatin and add remaining grapefruit sections and cherries. Chill until firm. Unmold on crisp lettuce and garnish with water cream and chichory. Serve with French dressing or mayonnaise. Serves 6.

TWO RESIDENTS, 105 NORWALK, O.—(U.P.)—Two residents of this city of 8,000 have reached the 105-year mark, and both are in good health. They are Samuel Jonson, a Civil War veteran and Mrs. Electa Amsden.

Ford Scouts Wildflower Areas

Retarded by heavy spring rains, fields of gorgeously-colored wildflowers are just now beginning to come into bloom in Southern California valleys and deserts. Patches of poppies, different varieties of blue lupine, and other small flowers including anemone and hebe, were found by a 1941 Ford Super Deluxe scout party last week. But far-reaching arrays of the brilliant-hued native plants will not be in evidence until there is a more-prolonged period of sunshine. Best areas found by the Ford scout party in its early-season search were in Kern County, near Bakersfield.
